

Search for Migrated Documents

Introduction

The Advanced Search feature allows you to find documents that have been migrated from the previous FPDC system.

Steps:

1. Click the **Advanced Search** button on top of the FPDS-NG Navigation screen. The Advanced Search screen will display. See an example below.

The screenshot shows the 'Document Search Criteria' form. It has a title bar and a main content area with various search fields. The fields are organized into a table-like structure with headers: 'Award ID', 'PRID', and 'Mod No'. The fields include: 'Award ID', 'Referenced IDV ID', 'Description Of Requirement', 'Prepared By: (User ID)' (with the value 'JC0LAPRETE'), 'Agency Name', 'Vendor Name', 'NAICS Code', 'Contracting Office ID', 'Contracting Office Name', 'Status' (with a dropdown menu showing 'SELECT STATUS'), 'Award/IDV Type' (with a dropdown menu showing 'Both'), 'Base And All Options Value Range' (with 'From' and 'To' sub-headers), and 'Signed Date Range (mm/dd/yyyy)'. At the bottom of the form are four buttons: 'Search', 'Clear', 'Close', and 'Help'.

2. Click the **Clear** button to remove the default settings.
 3. Enter the search criteria. You may use a % as a wildcard to supplement incomplete or unknown values, but this will increase search time.
1. For migrated IDVs, the PIID is the same as the original contract number.
 2. For migrated Awards, the PIID is a combination of the:

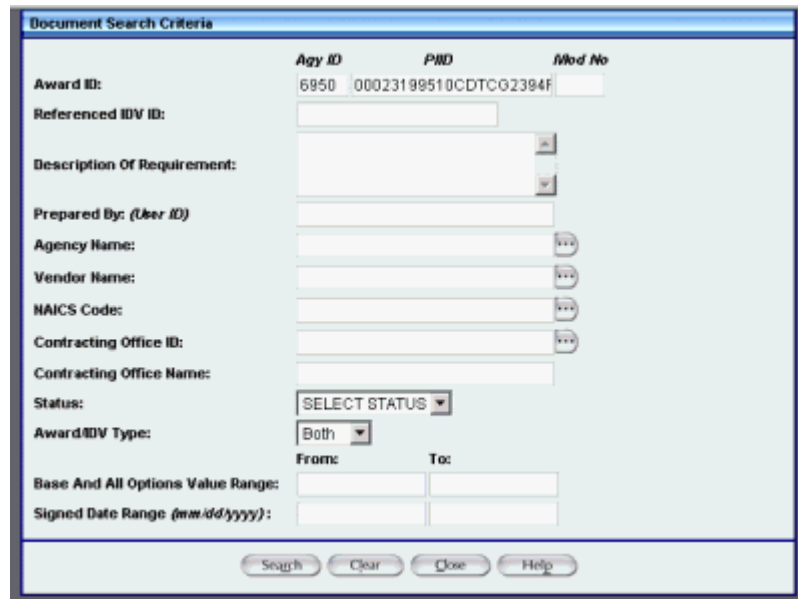

- Contracting Office Code
 - Action Date (format "YYYYMM")
 - Contract Action Type (A, B, C, D)
 - Order Number (if it exists), and the
 - Contract Number.
3. The Contracting Office code must be 5 characters. Add as many leading zeroes as needed.
 4. The Action Date is in the format "YYYYMM."
 5. The Contract Action type is a single character representing the Award Type:
 6. A - BPA Call
 7. B - Purchase Order
 8. C - Delivery/Task Order
 9. D - Standalone Contract
 6. Example. To find a Delivery Order created in October 1995 with:
 7. Agency - U.S. Coast Guard (6950)
 8. Contracting Office - 23
 9. Order Number - DTCG2394FTACX01
 10. Contract Number - DTCG2391DTTMB12

The PIID would be calculated by the following:

- "00023" (Contracting Office ID with leading zeroes)
- + "199510" (Action Date in YYYYMM format)
- + "C" (Contract Action type - Delivery Order)
- + "DTCG2394FTACX01" (Order Number)
- + "DTCG2391DTTMB12" (Contract Number)

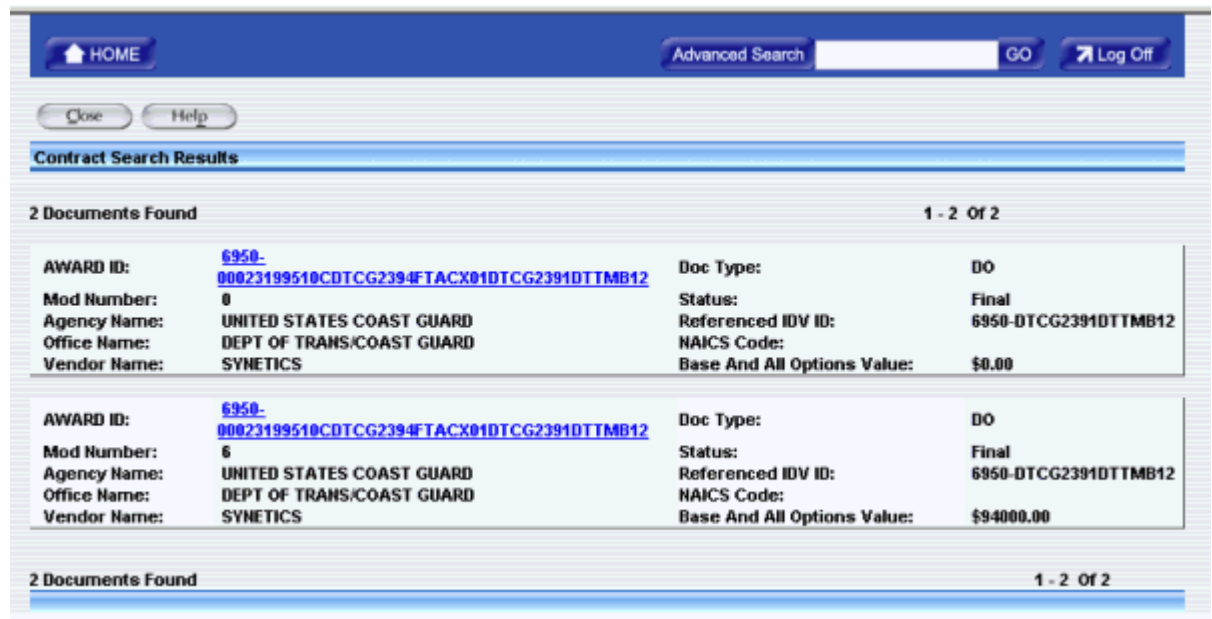

The PIID would equal

00023199510CDTCG2394FTACX01DTCG2391DTTMB12. See an example below.
